Bridging Commands, Schools, Families and Communities to Help Students Succeed

Mission, Vision, Goals

The School Liaison Program aims to connect schools, families and communities in order to meet the educational needs of the military connected child.

The goals of the program are to:

- Promote communication between local K-12 schools, military families, installation and surrounding communities.
- Promote parental involvement in their children's education.
- Identify barriers to academic success.
- Develop solutions in partnership with local schools and military connected families to overcome obstacles to successful education and school transitions.

- **Interstate Compact on Educational Opportunities for Military Children:** Removes barriers to educational success imposed on children of military families due to frequent moves and deployment of parents. www.nsba.org/Advocacy/Key-Issues/MilitaryCompact/IssueBrief.pdf
- **FL School Immunizations:** www.floridahealth.gov/programs-and-services
- If you are a family with a child with special needs, please contact the Exceptional Family Member Program (EFMP) Coordinator:

The average military family moves 9 times over a 20 year career. With each move, military children and families face many school-related challenges, which include:

- School Choice
- Transfer of Records
- Immunizations and Age Requirements
- Students in Special Programs
- Students with Special Education Needs
- Calendars and Schedules
- Graduation Requirements
- Sports and Extracurricular Activities
- Connectedness
- Partnerships with School Districts
- Senior Year Moves

Rest assured, School Liaison Officers are working together to provide support to students and families throughout the world. No matter where your military service takes you, we will be there to assist you in making a positive school transition.

A world wide listing of School Liaison Officers can be found at: www.militaryk12partners.dodea.edu/
