## **Controlled Open Enrollment**

Students are assigned to schools based on the attendance area in which they live. Parents/Guardians may request a different school placement by submitting a Controlled Open Enrollment (COE) application online. Requests will be approved if seats are available in the selected school. Once a student has been approved, the parent/guardian is responsible for enrolling the student in the selected school. Please review the following for additional information.

### ***How do I know if I need to submit an attendance waiver application for 2018-19?***

- Submit an application only if you are requesting an attendance waiver to a new school next year outside of your attendance zone. Use the [School Site Locator](#) to see what school your student is zoned to attend.
- Do not submit an application if you are attending your zoned school next year.
- Do not submit an application if you have an attendance waiver for the current year and you are returning to the same school next year.
