A SAFER  
**FLORIDA**  
HIGHWAY SAFETY AND MOTOR VEHICLES

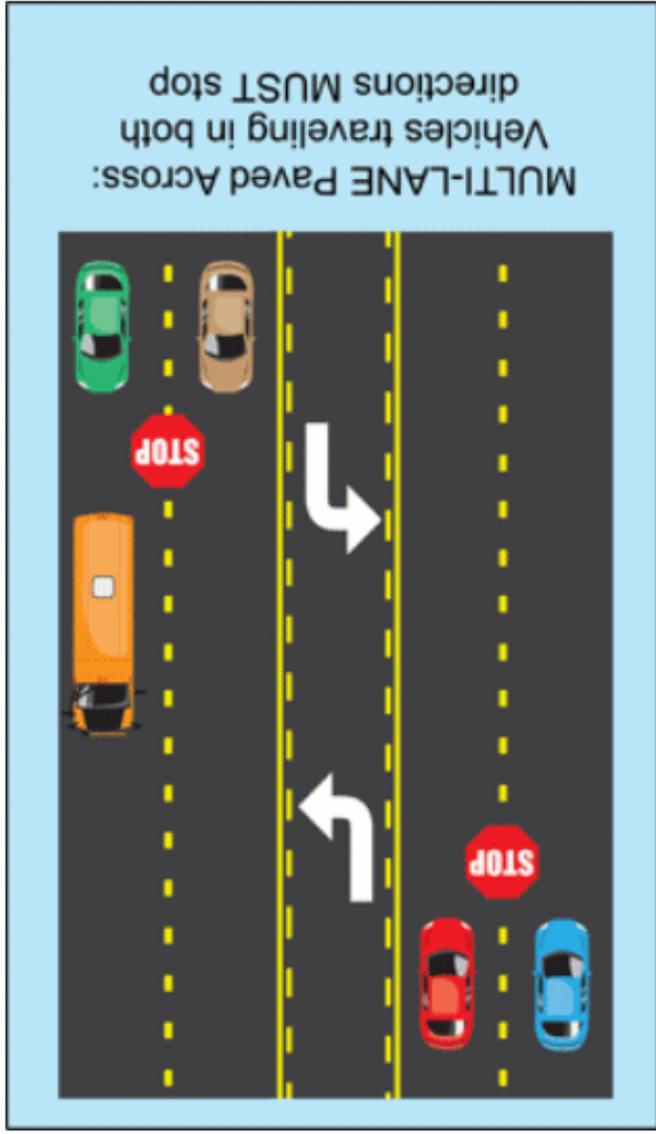

When a motorist meets or is behind a school bus, be aware of the flashing lights. If you see the YELLOW light begin to flash, this is a warning to motorists that *the bus is about to stop* and load or unload children.

When the RED lights begin to flash, this indicates that *the bus has stopped* and is in the loading/unloading process. All traffic should STOP when on two-lane roads. Be aware of children who are standing near the roadway or crossing the street.

On roads where there are multiple lanes of traffic, all lanes of traffic should STOP for school buses when the bus is stopped and the RED lights are flashing.

**UNLESS** ←

On roads where there are multiple lanes of traffic separated by a median or barrier, only traffic traveling in the same direction as the school bus should STOP when the bus is stopped and the RED lights are flashing.
