

# Back 2 School Immunizations

**Avoid the rush!  
Don't delay scheduling your child's  
immunizations before school starts!**

The CDC and the American Academy of Pediatrics (AAP) recommend every child continues to receive routine vaccinations during the COVID-19 outbreak.

Routine vaccines help protect children and adolescents from 16 serious diseases.

Vaccines provided at no cost for children 18 years and younger at DOH-Okaloosa.
